

Youssef Baamel

Full Stack Software Engineer | React, Next.js, TypeScript, Node.js, Python (Django, FastAPI)

Casablanca, Morocco | +212 651 614 951 | imbaamelyoussef@gmail.com | youssefbaamel.com | linkedin.com/in/youssefbaamel

Open to relocation. Eligible for the Netherlands Highly Skilled Migrant route and EU work-permit sponsorship.

PROFESSIONAL SUMMARY

Full Stack Software Engineer with 5 years of experience building production web and mobile applications. Frontend work in React, Next.js, Vue.js, and TypeScript, with backend development in Node.js, Express.js, and Python (Django, FastAPI) on PostgreSQL and REST APIs. Delivered client-facing software across telecommunications, pharmaceutical, railway, and medical sectors, deploying on AWS and DigitalOcean using Docker and CI/CD. Comfortable working end to end in Agile and Scrum teams. Arabic (native), French (fluent), English (professional).

EXPERIENCE

Front End Engineer · BTECHNOLOGIE (delivering for Bouygues Telecom as part of Accenture) Jan 2025 – Present

- Build client-facing web and mobile applications for Bouygues Telecom (bouyguetelecom.fr) using React, Next.js, and TypeScript.
- Maintain a reusable partials and component system driven by a Directus headless CMS, used across 10+ production pages.
- Use AWS for backend services and asset processing, focusing on front-end architecture and responsive UX.

Software Engineer · 1450 Factory Sep 2023 – Nov 2024

- Built the Python (Django) backend for blinkpharma.ma, a pharmaceutical platform, and contributed to its migration to a Next.js full stack architecture.
- Delivered features end to end across React, Next.js, React Native, and Node.js for clients in 3+ sectors.
- Deployed and managed applications on AWS and DigitalOcean.

Front End Engineer · MEDIOT Apr 2023 – Sep 2023

- Developed medical-sector applications with React.js and Node.js in an Agile environment, shipping features end to end.
- Built solutions aligned with medical industry standards, deployed via cloud services.

Front End Engineer · Algo Consulting Group Jan 2022 – Mar 2023

- Enhanced the Supratours Marketplace and ONCF Voyages ticketing platforms (oncf-voyages.ma) for Morocco's national railway using React.js and Node.js.
- Added RTL Arabic localization and advised on UX for the merchant site redesign within an Agile Scrum framework.

Full Stack Developer · Freelance Jan 2020 – Dec 2021

- Delivered full stack projects using Python (Django), Node.js, React.js, and Vue.js across front-end, backend, and CMS development.
- Deployed applications on cloud platforms and managed delivery against client deadlines.

Full Stack Developer (Internship) · Oky Solutions Oct 2019 – Jan 2020

- Built the OkyNewsletters drag-and-drop email builder using Laravel and Sass.

SKILLS

Frontend: React.js, Next.js, Vue.js, Nuxt.js, TypeScript, JavaScript, React Native, TailwindCSS, CSS/SASS, HTML

Backend: Python (Django, FastAPI), Node.js, Express.js, REST APIs, PostgreSQL, Laravel

Infrastructure: AWS, DigitalOcean, Docker, CI/CD

CMS and Tooling: Directus, Firebase, Supabase, Git, GitHub, GitLab, BitBucket, npm, yarn

Methodologies: Agile, Scrum

EDUCATION

Bachelor's Degree in Computer Science (2022)

ENSET Mohammeda, Hassan II University

Algorithms, data structures, object-oriented programming (C, C++, C#), and modern front-end and mobile development (React.js, Vue.js, React Native).

Front End Web Development Certification (2020)

One Million Arab Coders Initiative by Udacity

LANGUAGES

Arabic (Native) · French (Fluent) · English (Professional)
